A Message from Price Warwick, Jr. Business Manager/Financial Secretary

Dear Brothers and Sisters:

The August meeting had 66 hungry members attend and enjoy the fellowship. There were 13 new members that took the oath and were welcomed into the IBEW.

We approved the pension applications for Mike Dalton (29), Rollo Boster (36), and Mark Werry (39). We wish them a long and healthy retirement.

The Bylaws change was passed and forwarded to the International President for approval.

Nathan Keesee won the August monthly door prize. No one won the recurring door prize, so it will be \$720.00 at the September 3rd meeting.

Contract negotiations will be starting soon. If you have any proposals, get them to the hall.

There is a Code of Excellence class on Saturday, August 24th, 8AM-12, at the Training Center. Email Cesar at cmartinez@ibew20.org to sign up. There is no cost to attend but seating is limited so get on the list soon.

On Tuesday, June 25, 2019, the Department of Labor (DOL) released a proposal designed to expand apprenticeship opportunities in the United States. If made final, the proposal would establish a process for creation of "Standards Recognition Entities" (SREs), that would themselves recognize a new classification of apprenticeship programs, "Industry-Recognized Apprenticeship Programs" (IRAPs). Very simply put, this would allow non-union contractors to become SREs and self-certify their own "apprenticeship programs." IRAPs would not be subject to requirements that our apprenticeship programs and other DOL registered apprenticeship programs are.

The IBEW believes this is extremely problematic and would result in large quantities of "apprentices" being trained by inadequate programs. In addition, it is possible IRAPs would be a way of undermining prevailing wage. The process of self-certification and IRAPs generally have no place in our industries. In the proposal released yesterday, the construction industry is "at least initially" exempted from the proposal. While it does appear the construction industry is currently exempted from the proposal, it is necessary for the IBEW and its partners to speak up to ensure we remain exempted – permanently. I ask that each member, regardless of classification(s) represented, take the time to submit feedback to the DOL on its proposal. A website has been set up for all rank and file members, their families, and friends to easily submit individualized comments to the DOL. **Comments are due by midnight on August 26, 2019. Please go to Local 20's website for the link and instructions.** This only takes a few minutes and could protect our industry for years.
