**A Message from A. C. McAfee
Business Manager/Financial Secretary**

Dear Brothers and Sisters:

COMPUTER CLASSES

The Training Center is conducting some computer classes that some of our members have taken and said they were very good. One class is a Basic Operating Class and the other one is a Microsoft Excel Spread Sheet Class. Each of the classes is for four (4) nights and they are FREE!! The cost of the classes is being paid for by QUEST.

BASIC ESTIMATING CLASS

QUEST will also pay for a Basic Estimating Class that NECA will conduct if there is enough interest. If you are interested, be sure to call the Training Center to place your name on the list or for further information.

SOLAR CLASSES

There was a presentation made by Imagine Solar at the January General Membership Meeting. The Austin JATC has a grant that funds classes conducted by Imagine Solar. The presentation gave a good overview of solar training and potential dates it could be made available. At the February meeting, Steve Henninger gave an update. Please contact the Training Center at 972-266-8383 for further information.
